

EYES ON WHEELS

What is it??

Stay sharp, stay safe, and keep your eyes on the road with this cutting-edge system that watches out for you—even in the dark! Our system constantly tracks your facial expressions and eye movements to ensure you're alert and ready to react.

The moment it detects signs of drowsiness—like closed eyes or wandering attention—it kicks into action with a *powerful audible alert*, snapping you back to focus and preventing accidents.

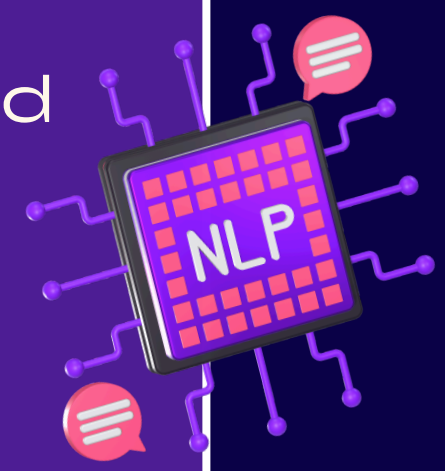

Features

Night Vision Camera: Perfect visibility in low-light and nighttime driving.

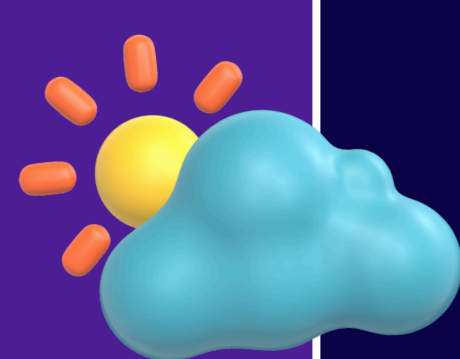

Smart Detection: Tracks your eye and face movements for real-time safety.

Instant Wake-Up Alerts: Keeps you safe by catching drowsiness before it becomes dangerous.

All-Condition Performance: Rain or shine, day or night, it's always on guard.
